BANK FRANCHISE TAX

STATUTORY PROVISION: Title 5, Delaware Code, Chapter 11, Sections 1101-1115 provide statutory basis for banks, trust companies, resulting branches in this state of out-of-state banks and federal savings banks not headquartered in this state but maintaining branches in this State. Title 5, Delaware Code, Chapter 18, Sections 1801-1809 provide statutory basis for building and loan associations.

ADMINISTRATIVE AGENCY: The bank franchise tax is administered and collected by the Office of the State Bank Commissioner, a division within the Department of the Secretary of State.

TAX CALCULATION: For banks and trust companies, the bank franchise tax calculation begins with net operating income before taxes as reported on the Dec. 31 call report and includes an adjustment for securities gains and losses and other appropriate adjustments. If an election is made to treat certain corporations as subsidiary corporations for tax purposes, their income is also included. Reductions are allowed for: income from an insurance division or subsidiary; net operating income before taxes from specific subsidiaries or out-of-state branches that are taxable under Delaware law or the law of any other state, including shares tax; non-United States branch offices; gross income from international banking transactions and facilities; interest income from volunteer fire companies; and examination fees paid to the Office of the State Bank Commissioner. This sum is then multiplied by 0.56 to arrive at taxable income.

For federal savings banks not headquartered in this State but maintaining branches in this state, taxable income is equal to the net operating income of the branch or branches located in Delaware before taxes with adjustments for securities gains and losses and other appropriate adjustments. A reduction is allowed for interest income from volunteer fire companies.

Building and loan associations are taxed on net operating income before taxes, defined as total operating income minus total operating expense. Reductions are allowed for net operating income before taxes from specific subsidiaries or branches that are otherwise taxable under Delaware law or the law of any other state, gross income from international banking facilities and transactions, interest income from volunteer fire companies, and examination fees paid to the Office of the State Bank Commissioner. This sum is then multiplied by 0.56 to arrive at taxable income.

The bank franchise tax is paid instead of State corporate income taxes, occupational taxes, and all other State taxes except for real estate.

Banks have the option of using an “Alternative Franchise Tax”. The Alternative Franchise Tax has two parts:

1. A traditional income tax employing three-factor apportionment with a double-weighted receipts factor. The tax’s regressive rates range from 7.0% on taxable income not in excess of \$50 million to 0.5% on taxable income in excess of \$1.3 billion.
2. A “Location Benefit Tax” based on net assets. The minimum tax is \$1.6 million with additional liability ranging from 0.012% on the value of net assets not in excess of \$5.0 billion to 0.004% on net assets in excess of \$20 billion but not in excess of \$90 billion. The maximum Location Benefit Tax is \$6.2 million.

TAX RATES: The rate of tax upon taxable income is as calculated under the standard franchise tax:

TAXABLE INCOME RANGE	TAX RATE
Not greater than \$20 million	8.7%
\$20 million to \$25 million	6.7%
\$25 million to \$30 million	4.7%
\$30 million to \$650 million	2.7%
Greater than \$650 million	1.7%

The rate of tax on elective income tax base as calculated under the alternative franchise tax:

TAXABLE INCOME RANGE	TAX RATE
Not greater than \$50 million	7.0%
\$50 million to \$100 million	5.0%
\$100 million to \$500 million	3.0%
\$500 million to \$1.3 billion	1.0%
Greater than \$1.3 billion	0.5%

The rate of tax on the value of net assets as calculated under the location benefits tax:

VALUE OF ASSETS	TAX RATE
Not greater than \$5 billion	\$1.6 million + 0.012%
\$5 billion to \$20 billion	0.008%
\$20 billion to \$90 million	0.004%

TAX CREDITS: The bank franchise tax liability can be adjusted by tax credits. Tax credits available include:

- Travelink tax credits calculated in accordance with Department of Transportation Travelink tax credit reporting requirements;
- An employee tax credit for certain new bank employees, provided the bank creates at least 200 new jobs for qualified employees and invests at least \$15,000 per new qualified employees;
- A Historic Preservation tax credit as administered by the Delaware State Historic Preservation Office;
- The New Economy Tax Credit designed to attract high paying, competitive jobs for new bank employees, provided the bank creates at least 50 net new jobs which each must have an annual salary of at least \$100,000 (adjusted for inflation). Up to 40% of the withholding taxes collected and paid on behalf of new qualified employees during the taxable year will be rebated. Higher credits are granted to banks that locate jobs in preferred geographic locations. This Act was expanded effective 6/30/12 and provides that employers relocating at least 200 jobs with average salaries of \$70,000 or greater to Delaware will be entitled to a tax credit on the withholding paid on behalf of the relocated employees. The size of the tax

BANK FRANCHISE TAX

credit increases if more than 200 jobs are relocated and can reach as high as 40% if the employer relocates 500 or more employees to Delaware;

- The Business Finder’s Fee Tax Credit creates incentives for existing businesses to partner with the State in an effort to create new employment opportunities for Delaware Citizens, and to stimulate the Delaware economy by expanding the tax base. This tax program would award each Sponsor Firm and each New Business Firm with a \$500 annual tax credit per Delaware job created by the new business, with the tax credit available for three years; and
- The Vocational Rehabilitation Hiring Tax Credit provides an incentive for Delaware’s employers to hire referrals from vocational rehabilitation. The credit shall be awarded to employers hiring qualified disabled workers. The amount of the credit shall equal 10%, but not exceed \$1,500, of the gross wages paid by the qualified employer to a vocational rehabilitation referral. Employers may take the credit in the year the qualified disabled worker is hired and for the 2 taxable years thereafter.

BUSINESS AND OCCUPATIONAL LICENSE AND GROSS RECEIPTS TAX

STATUTORY PROVISION: Title 30, Delaware Code, Chapters 20-29, and 43.

COLLECTION/ADMINISTRATIVE AGENCY: The Department of Finance, Division of Revenue administers and collects the business and occupational license and gross receipts tax.

GENERAL LIABILITY: Delaware imposes a tax on the privilege of operating a business in the State, as well as a tax on the gross receipts of most businesses. Business and occupational license tax rates range from 0.0945% to 1.19914% (and 15.5% for Interactive Fantasy Sports Operators), depending upon the category of business activity. Unless specified otherwise by statute, the term "gross receipts" comprises the total receipts of a business; no deductions for the cost of goods or property sold, labor costs, interest expense, discount paid, delivery costs, state or federal taxes, or any other expenses are allowed. In instances where a taxpayer derives income from more than one type of activity, separate licenses and gross receipts taxes are required for each activity. Generally, all branches or entities comprising an enterprise with common ownership or common direction and control are considered one business, and are entitled to a single monthly exclusion.

BUSINESS AND OCCUPATIONAL LICENSE AND GROSS RECEIPTS TAX

TAX RECEIPTS

TAX BASE: Business and occupational licenses and gross receipts taxes are categorized as follows:

Contractor: Firms in the business of furnishing labor--or both labor and materials--as part of the following services: construction, alteration, repair, disassembly, or demolition of buildings, roads, bridges, viaducts, sewers, water and gas mains, or any other type of structure. This includes firms that improve, alter, or develop any real property.

Each resident and/or nonresident contractor is required to pay tax on the gross receipts from any services and/or material supplied in connection with any real property located in Delaware. Total taxable gross receipts may be reduced by the amount of payments made to licensed subcontractors. To qualify for a deduction, the contractor must complete Form 1280 and attach it to each monthly return. For purposes of this tax, all branches or entities comprising an enterprise with common ownership or common direction and control are considered one business, which is entitled to a single \$100,000 monthly exclusion. For tax periods beginning after 12/31/2013, contractor gross receipts are taxed at the rate of 0.6472%.

Retailer: Any person engaged as the owner or agent in the business of selling or exchanging goods for cash or barter or any other consideration on the assumption that the purchaser of such goods has acquired the goods for ultimate consumption and not resale. This definition includes automatic merchandising machine operators, regardless of the product dispensed or vended; retail plant nurserymen and florists; hucksters; peddlers; trading stamp redemption stores; catalog stores; and branch stores.

Gross receipts include total consideration received by a retailer for all goods sold or services rendered within the State. Gross receipts do not include the amount of tobacco product or motor fuel taxes paid or payable to the State. The first \$100,000 of a retailer's monthly gross receipts is not subject to tax. All branches or entities comprising an enterprise with common ownership, or common direction and control, are considered one business and entitled

BUSINESS AND OCCUPATIONAL LICENSE AND GROSS RECEIPTS TAX

to a single monthly exclusion. Retailers of petroleum products are not required to pay a tax on retail sales of petroleum products as long as the appropriate wholesale-level tax has been paid. For tax periods beginning after 12/31/2013, retailer gross receipts are taxed at the rate of 0.7468%.

Farm Machinery Retailer: Any person engaged in the business of selling farm machinery, supplies, or materials that are to be directly consumed or used by the purchaser in the conduct of any business. Every farm machinery retailer owes gross receipts tax on the total gross receipts attributable to all goods sold within the State. An exclusion of \$100,000 is allowed against gross receipts for each month. For tax periods beginning after 12/31/2013, farm machinery retailer gross receipts are taxed at the rate of 0.0996%.

Restaurant Retailer: Any person who operates a restaurant, snack bar, soda fountain, take-out food service, catering service, private eating or drinking club, or other eating establishment must pay gross receipts tax on monthly receipts exceeding \$100,000. For tax periods beginning after 12/31/2013, restaurant retailers are taxed at the rate of 0.6472%.

Tire Retailer: In addition to the retailer license requirements, any person in this state who engages in the retail sale of tires must also obtain a tire retailer's license at no additional cost. Tire retailers shall pay a \$2 fee for every tire sold.

Transient Retailer: As defined in Title 6, Delaware Code, Chapter 47, retailers who transact business in Delaware from any temporary structure or motor vehicle for less than four (4) months must obtain a transient retailer's license. Such retailers pay the same license fees and tax rate, and receive the same monthly exclusion as year-round retailers. The license fee is \$75 and \$25 for each separate location. For tax periods beginning after 12/31/2013, the monthly exclusion is \$100,000, and the tax rate is 0.7468%.

A transient retailer must register with the Division of Revenue, describing its merchandise to be sold and the name and address of its registered agent within Delaware. Additionally, transient retailers must obtain a bond of \$1,000.

Retailers falling within the exemption categories enumerated in Title 6, Delaware Code, Chapter 47, but who wish to conduct business for ten days or less during any year and who do not intend to become a permanent retailer are not treated like year-round retailers. In such cases, the transient retailer license fee is \$25. These transient retailers pay tax at a rate of 0.7468% on all receipts received in excess of \$3,000.

Grocery Retailer: Retailers with more than 6,000 square feet of retail floor space, more than 12,000 individual food stock items, and which derive more than 90% percent of their total gross receipts from the sale of food items that are not immediately consumable, are subject to reduced tax rates on a portion of their gross receipts. As with other retailers, the first \$100,000 in monthly gross receipts is excluded from tax. For tax periods beginning after 12/31/2013, the rate is 0.3267%.

Wholesaler: Any owner or agent in the business of selling to, or exchanging with, another person goods for cash, barter, or any consideration for the purpose of resale by the person who acquires the goods sold or exchanged. The definition of "goods" includes (without limitation) goods sold or exchanged through outlets and warehouses of persons whose principal place of business is located inside or outside this State. Every wholesaler must pay the gross receipts tax based on the total consideration received for sales of tangible personal property physically delivered within the state to the purchaser or his agent.¹ Not included are receipts from sales of goods delivered by United States mail, or common or contract carrier to a place outside the State. Tobacco product and motor fuel taxes paid or payable to the State are excluded as well. (Wholesale sales of petroleum products fall under a separate tax category, described below.) In computing the taxes due on such gross receipts, an exclusion of \$100,000 is allowed each month. All branches or entities under common ownership, or common direction and

¹ Sales to the State or the federal government are considered wholesale sales.

control, are considered one business for tax purposes, entitling them to a single monthly exclusion. For tax periods beginning after 12/31/2013, monthly receipts in excess of the exclusion are taxed at the rate of 0.3983%.

Food Processor: All firms engaged in the processing of food or foodstuffs that are to be resold by the person acquiring the product. This definition includes each firm engaged in baking, poultry processing, or canning. Every food processor shall pay a gross receipts tax on the total gross receipts attributable to all goods sold within the state. In computing the taxable gross receipts for each month, an exclusion of \$80,000 is allowed. For tax periods beginning after 12/31/2013, Amounts in excess of this deduction are taxed at a rate of 0.1991%.

Petroleum Products: Any person engaged in the business of buying and selling petroleum products. For purposes of the gross receipts tax, "petroleum product" means crude oil, or any portion thereof that is liquid at 70 degrees Fahrenheit and standard atmospheric pressures, including motor fuel, gasohol, other blended fuels, diesel fuel, aviation fuel, jet fuel, heating oil, motor oil, and other petroleum based lubricants.

The tax consists of three components. (All rates provided below are for tax periods beginning after 12/31/2013.) First, sales of petroleum products are subject to the rate generally applied to other businesses: 0.3983% for wholesalers and 0.7468% for retailers. Second, wholesale sales of petroleum products are subject to an additional tax of 0.2489%. Lastly, a Hazardous Substance tax is imposed at a rate between 0.675% and 1.675%. The tax applied in any given calendar year is determined by the below calculation:

$(0.9\%) * (\$15\text{m}/\text{prior Fiscal Year HSCA deposits})$

The Hazardous Substance tax is scheduled to sunset on December 31, 2028. When imposed on the wholesaler, the Hazardous Substance tax may be passed along to the buyer as a separate line item on the invoice. Effective July 1, 2007, the imposition of the Hazardous Substance tax is limited to the first transaction that is taxable under the general wholesale tax.

Generally speaking, retail sales of petroleum products are taxable only if no tax has been paid at the wholesale level. Retail sales of home heating oil are not taxed under any circumstance. Petroleum wholesalers are entitled to a \$100,000 monthly exclusion. Retailers receive a monthly exclusion of \$100,000.

(83 Del. Laws c 107; HB 171).

FILING PROCEDURES AND PAYMENT DATES: Every company or person conducting any business activity in Delaware must maintain an active business license issued by the Division of Revenue unless an applicable exemption applies. To obtain a business license, a business must register online using the One Stop Business Registration and Licensing System (onestop.delaware.gov) or contact the Division of Revenue for assistance. Business licenses may be renewed either through the Division of Revenue tax portal (tax.delaware.gov) or the One Stop system. Business information provided by the taxpayer is entered in the State's integrated revenue administration system (IRAS), which houses records of all transactions subject to this tax.

Businesses that register online using the One Stop Business Registration and Licensing System can also register with the Department of Labor's Division of Unemployment Insurance and Office of Workers Compensation in addition to the Division of Revenue, and complete formation documents to print and file with the Delaware Department of State, Division of Corporations. Links are also provided to the Internal Revenue Service where the business may obtain a Federal Employer Identification Number (FEIN).

Although the One Stop System addresses basic registration requirements, businesses must independently comply with local zoning laws; the Division of Professional Regulations; and the Departments of Agriculture, Health & Social Services, Natural Resources & Environmental Control, State and Transportation, as necessary.

Businesses must pay the gross receipts tax on or before the 20th day of the month with respect to aggregate taxable receipts for the preceding month or quarter. Larger taxpayers file on a monthly basis; smaller taxpayers file on a quarterly basis. Filing frequencies are updated annually and are determined by reviewing each taxpayer's historic records during a "look-back" period. The threshold which delineates between quarterly and monthly filers is annually adjusted for inflation. Certain occupations and professions referred to previously are exempt.

BUSINESS AND OCCUPATIONAL LICENSE AND GROSS RECEIPTS TAX

Failure to pay the amount of tax shown to be due on any gross receipts tax return will result in a failure to pay penalty of 1% per month, up to a maximum of 25% of the amount of tax unpaid.

If such deficiency is due to negligence, a penalty of 20% of the amount is due. If a substantial understatement of the tax is made, a penalty of 40% is due. Where any part of the deficiency is due to fraud, a fraud penalty of 75% may also be imposed. If imposed, the fraud penalty is in lieu of the late filing and negligence penalties.

REPORTS

Cigarette: Every affixing agent must furnish the Division of Revenue with a monthly report on or before the 20th day of each month covering all unstamped cigarettes received during the preceding month. This report accounts for all orders of cigarettes purchased or received, all cigarettes sold, both in Delaware and outside Delaware, inventory of cigarettes at the beginning and end of each month, and the number of cigarette stamps received and affixed during the month through the affixing agent.

Other Tobacco Products: Every distributor must furnish the Division of Revenue a monthly report on or before the 20th day of each month. Each report lists all taxable tobacco products received during the preceding month.

PAYMENT DATES: Payment for licenses must be made at the time of application, and before January 1 of every taxable period. Payment for cigarette stamps must be made upon the purchase of the cigarette stamps, unless the affixing agent has entered into an agreement with the Division of Revenue and provided a bond to ensure payment, in which case payment is due within 30 days of purchase of the stamps. Payment of tax on other tobacco products is due with the filing of the monthly report.

PENALTIES: The Division of Revenue imposes strict penalties on persons, firms, or corporations who evade the tax, fail to affix stamps, resell stamps, reuse such stamps, sell untaxed tobacco products, or otherwise fail to comply with the law.

Failure to timely file the required tax return will result in a late filing penalty of \$15 per day from the due date until the date payment is received by the Division of Revenue. Failure to pay the amount of tax shown to be due on the required tax return will result in a failure-to-pay penalty of 1% per month, up to a maximum of 25% of the amount of tax unpaid.

Negligence penalties are also imposed: 20% of the deficiency or 40% if such deficiency is due to a substantial understatement of the tax. Where any part of the deficiency is due to fraud, a fraud penalty of 75% may also be imposed.

CORPORATE FRANCHISE TAX

STATUTORY PROVISION: Title 8, Delaware Code, Chapter 5

COLLECTION/ADMINISTRATIVE AGENCY: The Secretary of State administers the corporate franchise tax.

GENERAL LIABILITY: Domestic corporations must pay a corporate franchise tax for the privilege of being incorporated in Delaware. Retention of a charter by a corporation creates an obligation to pay the tax unless specifically exempted by law. Companies incorporated in another state, but doing business in Delaware, must also register with the Secretary of State. Banks and certain other financial institutions pay a franchise tax to the Bank Commissioner in lieu of the corporate franchise tax.

TAX RATES: Domestic stock corporations are taxed based on the number of authorized shares at the following tax rates:

<u>Corporations With:</u>	<u>Fee:</u>
Up to 5,000 shares	\$175.00 (Minimum Tax)
5,001 - 10,000 shares	\$250.00
Over 10,000 shares	\$250.00, plus \$85.00 for each additional 10,000 shares or part thereof, not to exceed \$200,000

Non-stock, non-exempt domestic corporations pay an annual tax of \$175.

The maximum tax on regulated investment companies is \$100,000. Periods of inactivity are taxed at 50% of the amount otherwise due, but never less than the minimum tax of \$175.

Domestic corporations may also opt to pay taxes based on the assumed par value capital method. The tax rate using this method is \$400 per \$1 million or portion of a \$1 million assumed par value capital. The assumed par value capital is calculated using a formula that takes into account a corporation's issued shares, authorized shares and total gross assets. Corporations paying on the assumed par value capital method will never pay less than \$400.

In 2017, a two-tier franchise tax methodology was implemented for domestic Delaware corporations that qualify for the maximum tax rate. In each calendar year, the Secretary of State shall compile a list of each corporation that as of December 1:

- (1) Had a class or series of stock listed on a national securities exchange; and
- (2) Reported in its financial statements prepared in accordance with United States generally accepted accounting principles (GAAP) or International Financial Reporting Standards (IFRS) and included in its most recent annual report filed with the United States Securities and Exchange Commission or any similar agency outside the United States with responsibility for enforcing securities laws or serving as a public repository for the corporation's financial disclosures, both of the following:
 - a. Consolidated annual gross revenues equal to or greater than \$750,000,000 or consolidated assets equal to or greater than \$750,000,000; and
 - b. Consolidated annual gross revenues not less than \$250,000,000 and consolidated assets not less than \$250,000,000; provided that if the corporation's financial statements are reported in a

CORPORATE FRANCHISE TAX

currency other than United States dollars, then, for purposes of measuring the amount of revenues and assets set forth therein, such amounts shall be converted into United States dollars using the applicable spot exchange rate for value established by Bloomberg as of the last day of the corporation's most recently completed fiscal year.

Each corporation complying with (1) and (2) above for a fiscal year for which its annual franchise tax would otherwise be \$200,000 as computed by either the authorized shares method or assumed par value methods (as stated in preceding paragraphs) are considered a "large corporate filer" and the annual franchise tax for such taxable year will be fixed at \$250,000. In the event that a corporation would otherwise qualify as a large corporate filer but has no filed annual report with the United States Securities and Exchange Commission (or any similar foreign agency), and became listed on a national securities exchange in connection with a succession within the taxable year, then reference shall be made to the most recent annual report of the predecessor of such corporation for purposes of determining whether such corporation has satisfied the requirements of (2)a. and b. above. "Predecessor" means, with respect to any corporation, any other corporation or other entity whose consolidated assets and liabilities, immediately prior to a succession, are substantially the same as the consolidated assets and liabilities of such corporation immediately following such succession; and "Succession" means the direct acquisition of assets and liabilities comprising a going business from a predecessor, whether by merger, consolidation, purchase or other direct transfer.

CORPORATION INCOME TAX

STATUTORY PROVISION: Title 30, Delaware Code, Chapters 19 and 64.

COLLECTION/ADMINISTRATIVE AGENCY: The Department of Finance, Division of Revenue administers the corporation income tax.

GENERAL LIABILITY: Every domestic and foreign corporation doing business in Delaware must file a corporation income tax return, regardless of the amount of its gross income or its taxable income, unless specifically exempt by law. Corporations that maintain a statutory corporate office in Delaware, but not doing business in the state, are not required to file a corporate income tax return.

Taxes are computed on the amount of a corporation's taxable income that is apportioned and allocated to Delaware. Taxable income does not include: interest on obligations of the United States, the State of Delaware, or its subdivisions; gains from the sale of securities issued by the United States, the State of Delaware, or its subdivisions; dividends, interest, and royalties of foreign corporations that qualify for a foreign tax credit for federal purposes; and interest from affiliated corporations. Additional deductions are allowed for wages under Federal Jobs Credit program, handicapped accessibility improvements, and donations to neighborhood assistance programs.

Income from interest, rents, royalties, patents, and gains and losses from the sale of real and tangible property, is allocated directly to the state in which the property is physically located or the transactions took place, reduced by the applicable and related expenses.

Apportionment of unallocated income has historically been based on a three-factor formula (see below) that averages the ratios of: 1) Delaware property to total United States property; 2) Delaware wages to total United States wages; and 3) Delaware gross receipts to total United States gross receipts for interstate businesses. Non-U.S. corporations may not use property or payroll without the United States of America to dilute their payroll and property apportionment factors. The apportionment formula is applied to a company's entire taxable income, excluding its allocated and exempt income.

Delaware recently moved from equally weighted apportionment to gross receipts only apportionment with the arithmetic table below defining the correct calculations before, during, and after the transition:

2016 and years prior	<i>Apportionment Ratio= .333*Property Ratio +.333*Salary Ratio +.333*Sales Ratio</i>
2017	<i>Apportionment Ratio= .25*Property Ratio +.25*Salary Ratio +.50*Sales Ratio</i>
2018	<i>Apportionment Ratio= .20*Property Ratio +.20*Salary Ratio +.60*Sales Ratio</i>
2019	<i>Apportionment Ratio= .125*Property Ratio +.125*Salary Ratio +.75*Sales Ratio</i>
2020 and beyond	<i>Apportionment Ratio= Sales Ratio</i>

TAX RATE: 8.7% of taxable income

CORPORATION INCOME TAX

As of January 1, 2017, TCCs may elect annually whether to apportion unallocated income using either the equally weighted three-factor formula applied to years 2016 and prior or the singles sales factor applied to years 2020 and beyond.

WORLDWIDE HEADQUARTERS COMPANIES (WHC) Worldwide Headquarters Companies (WHCs) are corporations that (a) list the site of their principal executive offices as an address in Delaware in their Form 10-Q filing with the SEC for the quarter immediately prior to January 1st, 2017, (b) employ at least 400 full-time employees at the corporate headquarters in Delaware as of January 1st, 2016, and (c) make or contract for a capital investment of not less than \$25 million to renovate or improve the corporate headquarters in Delaware between July 1st, 2014 and June 30th 2018.

(currently on or before the first day of the fourth month following the close of the taxable year for the corporation). The Division of Revenue will accept requests for automatic six-month extensions to filing deadlines up to the 16th day beyond the date that the Internal Revenue Service grants for the same return. “Small corporations” with total gross receipts below \$21,392,000 for two of three prior years are beholden to the payment dates below, but make even quarterly estimated payments equivalent to 25% of their estimated tax. This threshold is adjusted for inflation annually. Additionally, small corporations face no penalty for underpayment of estimated tax if 100% or more of the previous year's tax liability was timely paid as tentative tax during the current tax year.

The result of this calculation is known as the decedent's "modified federal taxable estate."

MOTOR CARRIERS FUEL PURCHASE TAX

STATUTORY PROVISION: Title 30, Delaware Code, Chapter 52 and Title 21, Delaware Code, Chapter 4.

COLLECTION/ADMINISTRATIVE AGENCY: The Delaware Department of Transportation, Motor Fuel Tax Administration administers and receives the tax. Effective July 1, 1996, the Delaware Motor Fuel Tax Administration entered the International Fuel Tax Agreement (IFTA). The Delaware Department of Transportation, Division of Motor Vehicles now administers the International Registration Plan (IRP) and the International Fuel Tax Agreement (IFTA) in Delaware.

GENERAL LIABILITY: All persons operating a qualified vehicle are subject to the tax. A qualified vehicle includes any two axle power unit (tractor) weighing more than 26,000 pounds, three axle power unit regardless of weight, or any combination of power unit and trailing unit having a combined weight in excess of 26,000 pounds. Recreational vehicles are excluded from the tax unless used for business purposes.

Under the International Registration Plan, Delaware based motor carriers operating on an interstate basis must register each qualified vehicle and display an apportioned license plate. The duration of the initial registration of a vehicle under IRP may range from three (3) to twelve (12) months. Thereafter vehicles are registered annually.

Under the International Fuel Tax Agreement, the State receives reports and tax revenues from those motor carriers "based" in Delaware. These reports and revenues are inclusive of the motor carriers' intrastate and interstate operations. After collecting these revenues, the Delaware Department of Transportation distributes any taxes due to other IFTA members. Similarly, other member jurisdictions collect road use taxes on Delaware's behalf.

REGISTRATION FEES

International Registration Plan: Motor carrier IRP registration fees are derived by first multiplying each jurisdiction's respective fee by the ratio of miles traveled within its borders to total miles traveled. The resulting products of these state-by-state calculations are then summed to arrive at a motor carrier's overall IRP registration fee. In lieu of IRP registration, motor carriers may obtain individual trip permits in order to legally operate on an interstate basis.

International Fuel Tax Agreement: IFTA qualified vehicles must display two IFTA decals and carry a copy of the IFTA license in the cab of the vehicle. IFTA decals are effective from January 1 through December 31 of each year. A 60-day grace period exists for all qualified IFTA motor vehicles displaying a prior year decal.

The cost of IFTA decals is \$5.00.

TAX RATE: The tax rate on motor fuels is 23¢ per gallon; 22¢ per gallon on special fuels.

PERSONAL INCOME TAX

STATUTORY PROVISION: Title 30, Delaware Code, Chapter 11.

COLLECTION/ADMINISTRATIVE AGENCY: The personal income tax is administered by the Department of Finance, Division of Revenue.

GENERAL LIABILITY

Resident: Every resident of Delaware must file a personal income tax return whenever such resident:

- (a) is required to file a federal tax return; or
- (b) has adjusted gross income (after modifications) that exceeds the maximum filing thresholds. The maximum filing thresholds for each filing status are listed below:

AGE/STATUS	FILING SINGLE	MARRIED FILING A JOINT RETURN (1)	MARRIED FILING SEPARATE	FILING AS A DEPENDENT ON ANOTHER PERSON'S RETURN
Under 60	\$9,400	\$15,450	\$9,400	\$5,250
60 to 64	\$12,200	\$17,950	\$12,200	\$5,250
65 and over OR Blind	\$14,700	\$20,450	\$14,700	\$7,750
65 and over AND Blind	\$17,200	\$22,950	\$17,200	\$10,250

(1) This dollar amount represents a taxpayer's individual Adjusted Gross Income, NOT a total combined with anyone else.

Every resident must report all income earned during the taxable year to Delaware, regardless of the source.

Non-Resident: Every non-resident must file a tax return to report all income earned within the State. This includes only income attributable to employment or personal services performed in Delaware, or to the ownership or disposition of any interest in real or tangible personal property in Delaware (i.e., wages, business income (or losses), capital gains (or losses), rents and royalties, partnerships, farm income and any other income or derived from a Delaware source). Interest, dividends and pensions, even if attributable to Delaware employment, are not Delaware source income.

Non-residents calculate their liabilities as if they were residents except that non-residents' final liabilities are prorated according to their ratio of Delaware source income to total income.

Part-Year Resident: Part-year residents have the option of filing as a resident or a non-resident. By filing as a non-resident, final liability is reduced because it is prorated according to the taxpayer's ratio of Delaware source income to total income. Filing a resident return, however, allows the taxpayer to make use of certain tax credits (e.g., the child care credit) not available to non-residents. If large enough, these tax credits can produce a final liability that is lower than that which may be obtained by filing as a non-resident.

TAX RATES: The tax rate table presented below is used to determine "gross liability." In determining final liability, taxpayers first calculate gross liability based on their taxable income. From gross liability, taxpayers subtract a \$110 personal credit for themselves and each dependent claimed on the return.

STATUTORY PROVISIONS: Title 30, Delaware Code, Chapters 11 and 19

COLLECTION/ADMINISTRATIVE AGENCY: The tax is administered and collected by the Department of Finance, Division of Revenue.

GENERAL LIABILITY: An S Corporation at the entity level is exempt from corporate taxation, and resident and non-resident shareholders must report their respective share of S distributive income on their individual personal income tax returns. An S corporation that has one or more non-resident shareholders is required to make estimated personal income tax payments on behalf of its non-resident shareholders. S corporations that conduct business in more than one state must allocate and apportion their income among the respective states.

TAX RATES: Same as personal income tax rates. Estimated payments made on behalf of non-resident shareholders are made at the top marginal rate of 6.6%.

FILING PROCEDURES: The income year of an S corporation is the same as the taxable year for which the corporation reports for Federal purposes. The final return is due on or before the date on which the corporation's federal income tax return is due, which is currently the fifteenth day of the third month following the close of the taxable year for the corporation. Request for automatic extension of six months to the Internal Revenue Service for filing the returns will be accepted by the Division of Revenue up to the 16th day beyond the date granted by the Internal Revenue Service. Additional extensions granted by the Internal Revenue Service will be accepted by the Division of Revenue up to the 16th day beyond the date granted by the Internal Revenue Service. Copies of all extensions granted by the Internal Revenue Service must be attached to the Delaware final return. The corporation is responsible for making estimated payments of personal income tax for non-resident shareholders based on the non-residents' share of the S corporation's distributive income. Estimated payments are paid throughout the year on a quarterly basis.

The first tentative return, covering estimated income tax liability for the current income year, must be filed with the Division of Revenue on or before April 15 of the current income year for calendar-year taxpayers. In the case of fiscal year corporations, the first tentative return is due on or before the fifteenth day of the fourth month of the current income year. Interest is calculated at 1.5% per month for failure to timely pay estimated tax. Provided that the current years estimated tax liability was timely filed and equal to at least 100% of the previous year's tax liability, there is no penalty for underpayment of estimated tax. Corporations whose Delaware taxable income was \$200,000 or more in any of the last three preceding taxable years must make tentative payments equal to 80% of the current year's tax liability. "Small corporations" with total gross receipts below \$20,000,000 for two of three prior years are beholden to the payment dates below, but make even quarterly estimated payments equivalent to 25% of their estimated tax.

PAYMENT DATES

Due April 15, (or 15th day of 4th month of fiscal year) 50% of the estimated tax is due on the first tentative payment, using form 1100P-1.

PENALTIES: Failure to timely file the required tax return will result in a late filing penalty of 5% per month to a maximum of 50% of the amount of tax due, plus interest of 0.5% per month from the due date of the payment. Failure to pay the amount of tax shown to be due will result in a failure to pay penalty of 1% per month up to a maximum of 25% of the amount of tax unpaid. A negligence penalty of 20% of the amount of the deficiency or a penalty of 40% may be imposed if such deficiency is due to a substantial understatement of the tax. A fraud penalty of 75% where any part of the deficiency is due to fraud may also be imposed. Failure to pay estimated tax will result in a 1.5% per month penalty on the amount of underpayment of tax. A failure to pay penalty is also assessed for failing to pay the full tax due when the final return is filed in the amount of 0.5% per month.

UNCLAIMED PROPERTY

STATUTORY PROVISION: Title 12, Delaware Code, Chapter 11.

COLLECTION/ADMINISTRATIVE AGENCY: The Department of Finance, Office of Unclaimed Property (OUP) administers and collects unclaimed property. After unclaimed property is in the custody of the OUP, the OUP becomes the perpetual custodial of the unclaimed property until the property is returned to the rightful owner or their heirs.

GENERAL LIABILITY: A holder of property presumed abandoned and subject to the custody of the OUP must report and remit timely any unclaimed property to the OUP, perform due diligence (attempt to locate and contact the owner before reporting), protect the property until reported and transferred to the OUP, and maintain copies of the unclaimed property reports and supporting documentation for at least 10 years after reporting.

Holder means any person having possession, custody, or control of the property of another person as defined in 12 Del Code, Chapter 11, Section 1130 (10). For statutory reporting deadlines, the holders are grouped into Banking Organizations, Insurance Companies, and All Other Holders and Business Associations other than Banking Organizations and Insurance Companies.

Banking Organizations include any organization, corporation, or association organized and existing under Chapter 7,15, or 17 of Title 5 or the corresponding provisions of statutes in effect prior to February 12, 1953, or any bank or credit union created under the laws of the United States or any state. (12 Del Code, Chapter 11, Section 1130(2))

Insurance Companies mean an association, corporation, or fraternal or mutual-benefit organization, whether or not for profit, engaged in the business of providing life endowments, annuities, or insurance, including accident, burial, casualty, credit-life, contract-performance, dental, disability, fidelity, fire, health, hospitalization, illness, life malpractice, marine, mortgage, surety, wage-protection, and worker-compensation insurance. (12 Del Code, Chapter 11, Section 1130(11))

REPORTABLE ITEMS: Unclaimed property consists of accounts and other financial instruments, usually intangible, being held at banking organizations, insurance companies, government organizations, or any other business organizations/associations that have gone dormant for a specific period of time based on property type. Common types of unclaimed property include, but are not limited to: dormant checking and savings accounts, uncashed checks, unredeemed gift cards, unexchanged stock certificates, unclaimed credit balances or refunds, uncashed money orders, unredeemed traveler's checks, unclaimed court deposits, forgotten utility deposits, uncashed death benefit checks, and uncashed insurance proceeds. Unclaimed property becomes reportable after the statutory dormancy period has been reached. The statutory dormancy period is the time specified in the unclaimed property law when property is presumed abandoned due to inactivity and there is not contact between a holder and an owner. In the State of Delaware, most properties are considered abandoned after 5 years of dormancy, 3 years for securities-related property, or 15 years for traveler's checks.

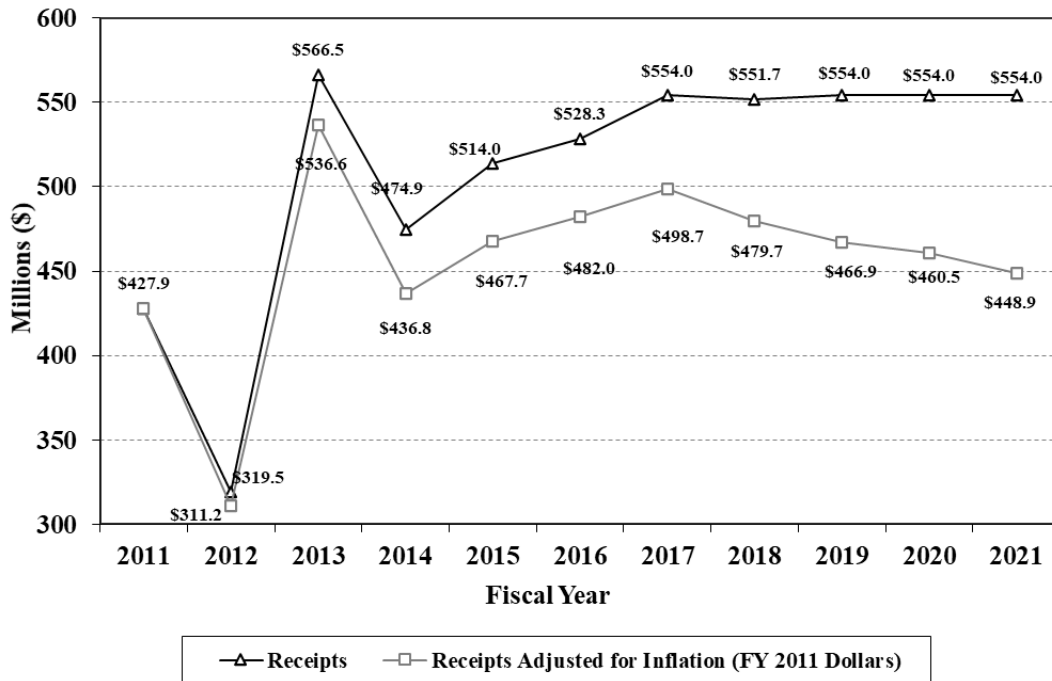

REPORTABLE JURISDICTION: Unclaimed property is reported to the State of Delaware pursuant to the U.S. Supreme Court case Texas v New Jersey, 379 U.S. 674 (1965). On March 30, 1993, the United State Supreme Court ruled in the case of Delaware v. New York, 113 S. Ct. 1550 (1993) that the primary and secondary rules set forth in Texas v. New Jersey still stand and remain unchanged. Pursuant to Texas v. New Jersey, unclaimed property will be reported to the state of the owner's last known address. If the owner's address is unknown or is in a foreign country, the unclaimed property is reported to the state of incorporation of the holder of the unclaimed property. For those owners with a last known address that is in a state which does not have an applicable statute

UNCLAIMED PROPERTY

for the type of property being reported, the unclaimed property is reported to the state of incorporation of the holder.

UNEMPLOYMENT INSURANCE

STATUTORY PROVISION: Title 19, Delaware Code, Chapter 33.

COLLECTION/ADMINISTRATIVE AGENCY: The tax is administered by the Department of Labor, Division of Unemployment Insurance.

GENERAL LIABILITY: All employers are liable for unemployment insurance tax with respect to any calendar year if they (a) pay wages of \$1,500 or more during any calendar quarter in the current or preceding calendar year or (b) employ at least one person for some portion of a day in each of 20 different calendar weeks, whether or not such weeks were consecutive, in either the current or preceding calendar year. Agricultural employers are liable with respect to any calendar year if they pay \$20,000 or more in any calendar quarter in either the current or the preceding calendar year or employ 10 or more persons engaged in agricultural labor for some portion of a day in each of 20 different calendar weeks, whether or not such days were consecutive, in either the current or the preceding calendar year. Employers of domestic or household workers are liable with respect to any calendar year if the employer pays cash remuneration of \$1,000 or more in the current calendar year or the preceding calendar year. Government entities and nonprofit organizations are not liable under the Federal Unemployment Tax Act (FUTA), but are covered by State law and may pay assessments (taxes) or elect to reimburse the Unemployment Insurance Trust Fund for all benefits paid to their former employees on a dollar for dollar basis.

TAX RATES: For experience-rated employers, the State's basic unemployment insurance rate ranges from 0.1% to 8.0% depending on the employer's benefit wage ratio and the State's experience factor. In addition, all assessed employers are charged a supplemental assessment of 0.2%. The effective assessment rate equals the basic rate plus (+) the supplemental assessment rate.²The minimum effective assessment rate is 0.3% and the maximum effective assessment rate is 8.2%. In calendar year 2021, assessments were paid on a taxable wage base of \$16,500³. The taxable wage base is determined by the balance in Delaware's Unemployment Insurance Trust Fund as of the preceding September 30. Based on this Unemployment Insurance Trust Fund "trigger" methodology, the taxable wage base will be:

- \$18,500 if the fund balance is \$125.0 million or less
- \$16,500 if the fund balance is greater than \$125.0 million, but less than \$175.0 million
- \$14,500 if the fund balance is at least \$175.0 million, but no greater than \$225.0 million
- \$12,500 if the fund balance is greater than \$225.0 million, but less than \$275.0 million
- \$10,500 if the fund balance is \$275.0 million or greater

New employers, including those in North American Industry Classification (NAICS) categories 236, 237, and 238 (construction industry), are taxed at the average industry assessment rate⁴ in that employer's particular NAICS category or the average construction assessment rate of NAICS categories 236, 237, and 238 whichever is the greater.

² Beginning January 1, 2004, the supplemental assessment rate was set at 0.2% and no longer varies as a result of changes in the Unemployment Insurance Trust Fund balance.

³ CY 2021 assessment rates were frozen at CY 2020 levels (83 Del. Laws 2; HB 65).

⁴ CY 2021 assessment rates were frozen at CY 2020 levels (83 Del. Laws 2; HB 65).

<u>Approved</u> <u>Date</u>	<u>Effective</u> <u>Date</u>	<u>Description of Changes</u>
6/20/02	1/1/03	Provides that the North American Classification System (NAICS), not the Standard Industrial Classification System (SIC) shall be used in the determination of the average employer assessment rate, average industry assessment rate, average construction industry rate and new employer rate (73 Del. Laws c 303; HB 425).
7/11/03	1/1/04	Set the supplemental assessment rate at 0.2%. Previously the supplemental assessment rate was dependent on the balance in the Unemployment Insurance Trust Fund (74 Del. Laws c143; HB 223).
7/12/05	1/1/06	Brought Delaware’s Unemployment Insurance Code into compliance and conformity with the provisions of federal law – Public Law No 108-295, the “SUTA Prevention Act of 2004” by prohibiting SUTA dumping (75 Del. Laws c 177; SB 130).
6/27/06	6/27/06	Removed cap on increases in the “State Experience Factor” and expanded “State Experience Factor” range from 1 through 50 to 1 through 80. Effective range of tax rates remains the same (75 Del. Laws c 313; HB 419).
6/18/07	1/1/08	Increased from \$8,500 to \$10,500 the individual wage to which tax is applicable (76 Del. Laws c 46; HB 144).
8/15/13	1/1/14	Established a “trigger” methodology to determine the taxable wage base for any given calendar year based on the balance in Delaware’s Unemployment Insurance Trust Fund as of the previous September 30. The taxable wage base for any given calendar year will be \$18,500, \$16,500, \$14,500, \$12,500, or \$10,500. (79 Del. Laws c 173; HB 168).
6/30/19	6/30/19	Froze the taxable wage base used by employers to determine what portion of employee’s wages are subject to unemployment insurance tax assessments, for the period July 1, 2019 to October 29, 2020, to allow the Division of Unemployment Insurance and the Unemployment Compensation Advisory Council to analyze whether to revise the taxable wage base formula into the future. (82 Del. Laws c 80; HB 198).
8/25/20	8/25/20	Ensured that employers are not charged for the benefit wages of employees who they had to terminate, furlough, or lay off due to the economic shutdown needed to respond to the COVID-19 public health crisis. The intention of the Department of Labor is to use other sources of federal funds to repay the Unemployment Insurance Trust Fund for the COVID-19 related benefits paid to these claimants, instead of charging the employers. It is not the intention to increase taxes on employers, and for most employers, this Act will avoid a significant increase in their unemployment tax assessment rates from COVID-19 related charges. (82 Del. Laws 285; HB 353).
1/11/21	2/8/21	Established the 2021 new employer assessment rate, average industry assessment rate, and average construction industry assessment rate at the same rate as 2020 in order to avoid an increase in these rates as a result of the increase in unemployment claims due to COVID-19. (83 Del. Laws 2; HB 65).
