DELAWARE FORM DIVISION OF REVENUE DVP-TAX

APPLICATION FOR DISABLED VETERAN SCHOOL PROPERTY TAX CREDIT

Note: If you are delinquent in your property taxes, you do not qualify for this credit.

To qualify for this credit, you must be a veteran who has received from the United States Department of Veterans Affairs or its successor agency 100% disability compensation due to a service-connected, permanent and total disability based on individual unemployability or a 100% disability rating. You must notify the appropriate county within 60 days of any change in disability rating. The property for which you are applying to receive the credit must be your principal residence. You must have been legally domiciled in Delaware for at least three consecutive years.

Your SSN is required in order for the State of Delaware to verify that you meet the credit's residency requirement, which is three years. Your SSN will be shared with the State of Delaware Department of Finance during the application process, and may be retained by the State or County to ensure compliance with the law.

A copy of your Delaware driver's license or official Delaware State identification and proof of 100% disability rating are required for each applicant at the time of application.

1. Confirm that the property for which you are taking this credit is your principal residence. If the property is not your principal residence, you cannot receive this credit. You may only have one principal residence. Additionally, if you are receiving a property tax credit in this or any other state or county that requires that property to be your principal residence, you will not qualify for this credit. The Disabled Veterans School Property Tax Credit is not transferable from property to property. If you purchase a new principal residence or otherwise change your principal residence to another home that you own, a new application must be completed and filed. Applications may be filed in advance of relocation.
2. State whether you are the sole owner of the property. The law does not prevent more than one person from claiming a credit for the same property (provided they meet all established qualification criteria). However, no more than one full credit may be taken per property. Your share of the credit is determined by your ownership interest in the property. Applicants receiving a Disabled Veterans School Tax Credit may not claim a Senior School Property Tax Relief Credit.
NOTE: Unless co-owners are married or entered into a civil union and own the property as tenants by the entireties, a separate application form must be used for each individual claiming this credit.
3. Use Lines (a) and (b) to submit the name and address of any co-owners of the property. Use line (c) to state the nature of the relationship with the co-owners. If you and your spouse own the property in its entirety, the property is treated as if wholly owned by each spouse for the purposes of this credit. However, no more than one credit per property may be granted in any one year.
4. Enter on Line 4 the date that Delaware became your primary residence. Do not enter the date that you started living in your current home, unless this is also the date you established your permanent residency in Delaware.
5. Please verify whether this property is titled in the name of an irrevocable trust. If so, please provide a copy of the Trust Agreement so that we may determine whether it qualifies for the credit.
