October 2015

THOMAS J. COOK
SECRETARY OF FINANCE

October 2015

The Honorable Jack Markell Carvel State Office Building 820 N. French Street Wilmington, DE 19801

Dear Governor Markell:

I am pleased to provide you with the annual report required by 29 Del. C. §2720, which established the Delaware Council on Volunteer Fire Service (the "Council") and the Revolving Loan Fund Program (the "Fund"). This report provides a summary of the Council's activities during the past year and gives an accounting of the Fund's fiscal status. It is available in its entirety electronically via the Department of Finance's website at the following link: <a href="http://finance.delaware.gov/publications/ReportsMain.shtml">http://finance.delaware.gov/publications/ReportsMain.shtml</a>

This year, the Council continued its efforts to promote the Revolving Loan Fund to its member companies and provided two loans, totaling \$92,956.50 to Delaware volunteer fire and emergency services companies. These loans funded a new brush truck and a light duty command vehicle.

In total, 23 loans have been originated through the Revolving Loan Fund; 13 remain outstanding, and all are current.

The Fund maintains a balance available to assist the fire service community address its financial needs in order to continue serving the citizens of Delaware. The Council looks forward to another year of continued success.

Sincerely,

Thomas J. Cook, Secretary of Finance

Chair, Delaware Council on Volunteer Fire Service

# Summary Report Volunteer Fire Service Revolving Loan Fund Program

The Delaware Council on Volunteer Fire Service maintains a revolving loan fund for the benefit of volunteer fire and emergency services companies servicing Delaware communities. The purpose of the Delaware Volunteer Fire Service Revolving Loan Fund Program (the "Fund") is to provide a source of low-cost financing for equipment upgrades and facility improvements that are essential to providing adequate fire, rescue, and emergency medical and technical emergency response related services. The Fund is guided by 29 Del C. §2720, was initiated with a \$1 million appropriation in fiscal 2006 and was enhanced with an additional \$1 million appropriation in fiscal 2014. The Fund is administered by the Department of Finance.

#### DELAWARE COUNCIL ON VOLUNTEER FIRE SERVICE

Since the last annual report filed in October 2014, the Delaware Council on Volunteer Fire Service (the "Council") held one meeting on December 17, 2014 with the following membership:

- Thomas J. Cook, Chair of the Delaware Council on Volunteer Fire Service and Secretary of Finance;
- Kenneth Simpler, Delaware State Treasurer;
- Anthony Guzzo\*, President, Delaware Volunteer Firefighter's Association (DVFA)
- Alan Robinson, State Fire Prevention Commission;
- Ray Stevens, appointed by the President of the Sussex County Firemen's Association;
- Michael D. Layton, appointed by the President of the Kent County Firemen's Association; and,
- Richard T. Perillo, appointed by the President of the New Castle County Firemen's Association

#### Also attending:

- Warren Jones, Delaware Volunteer Firefighter's Association
- \* In September 2015, Mr. Guzzo was replaced by Joseph Zeroles.

#### **COUNCIL ACTION**

The Delaware Council on Volunteer Fire Service met only once since the last annual report and continued its refinement of the loan application process. The Council now requires loan applicants to provide an accepted quote and/or signed purchase agreement for apparatus, in addition to existing requirements. This revision was communicated to

the fire companies via the DVFA's website and shared by the firefighter representatives on the Council at various fire company meetings.

#### **LOAN ACTIVITY**

Since the last annual report, the Council originated two new loans, both to the Felton Volunteer Fire Company. The Fire Company requested and was approved for a \$67,956.50 loan for a new brush truck and a \$25,000.00 loan to purchase a light duty command vehicle.

As of June 30, 2015 13 loans remain outstanding in the Fund. All are current, and the current balance is \$851,670.74.

Included in this report are an activity report, schedule of expected payments, a loan portfolio summary and a list of equipment financed through the Fund.

## **Delaware Volunteer Fire Service Revolving Loan Fund**

### **Program Guidelines**

The Delaware Volunteer Fire Service Revolving Loan Fund was established to upgrade equipment and improve facilities that are essential to providing adequate fire, rescue, emergency medical and technical emergency response related service to Delaware communities. Loan funds are limited and are not available for equipment that has already been delivered or for the expansion of facilities including parking that has already been completed. For consideration, equipment and expansions must be deemed necessary to provide adequate fire, rescue and emergency medical and technical emergency response services to the surrounding community by the Delaware Council on Volunteer Fire Service.

The Delaware Council on Volunteer Fire Service (the "Council") is comprised of the President of the Delaware Volunteer Firemen's Association, the Chairman of the State Fire Prevention Commission, three members, one each appointed by the Presidents of the New Castle, Kent and Sussex County Firemen's Associations, the State Treasurer and the Secretary of Finance.

The Council will approve loan applications based on the availability of funds and criteria that assess the relative needs for fire service and loan assistance throughout the State. The criteria include financial need, age and condition of existing equipment and the demographic, geographic and financial conditions of the communities served. The loan fund should not be considered an organization's sole source of funding.

#### 1. Who May Apply?

1.1. All volunteer fire, rescue and emergency medical service companies located in the State of Delaware.

#### 2. Guidelines for Apparatus and Equipment Loans

- 2.1 The purchase of new and used apparatus will be considered, provided new and used apparatus pass all Federal, State, and/or county certifications. For all apparatus and equipment requests, applicant should include product specifications.
- 2.2 Loan funds are available to upgrade equipment and improve facilities that are essential to providing adequate fire, rescue, emergency medical and technical emergency response related service to Delaware communities and shall not be made available for equipment that has already been ordered.
- 2.3 <u>Interest will be fixed at the rate of 2.0%.</u> Repayment schedules will have semi-annual or annual payments. Annual payments will be due June 1<sup>st</sup>; semi-annual payments will be due June 1<sup>st</sup> and December 1<sup>st</sup>.

#### 3. Guidelines for Facility Loans

- 3.1 Applications will be considered for establishing or renovating facilities that house fire fighting and rescue equipment, and emergency medical and technical emergency response services.
- 3.2 Proceeds of the loan shall be used only for construction and shall not be used for land acquisition, payment of fees for design, planning and preparation of application or any other cost not directly attributable to construction.
- 3.3 The applicant shall present an estimated construction cost for the project from a reliable engineering or architectural firm. A new or renovated facility must meet all requirements and codes of the Federal, State and local jurisdiction, included local firemen's association standards.
- 3.4 <u>Interest will be fixed at the rate of 2.0%.</u> Repayment schedules will have semi-annual or annual payments. Annual payments will be due June 1<sup>st</sup>; semi-annual payments will be due June 1<sup>st</sup> and December 1<sup>st</sup>.
- 3.5 Maximum loan amount and term:

## 4. Guidelines for Loan application process

- 4.1 All applications must be prepared in accordance with Delaware Council on Volunteer Fire Service guidelines. Failure to comply with Council guidelines may be cause for rejection of the application. The Council may reserve the right to correct minor errors or irregularities in the application.
- 4.2 An original application must be provided to the Council. Financial statements and proposed operating and capital budgets must be completed and provided, along with the completed application, for the two fiscal years immediately prior to the fiscal year in which the application is made.
- 4.3 Each applicant must submit IRS Form 990 for each year presented on the financial statements.
- 4.4 Each applicant must submit a copy of the confirmation letter that the most recent annual financial audit has been submitted to the Delaware State Fire Prevention Commission.
- 4.5 Each applicant must submit an accepted bid or signed agreement for the apparatus being purchased.

- 4.6 Each applicant must submit an inventory of equipment and fleet of vehicles.
- 4.7 Applicant must supply <u>one original copy</u> of the application package to:

State of Delaware
Department of Finance, Office of the Secretary
820 N. French Street, 8<sup>th</sup> floor
Wilmington, Delaware 19801

An application package consists of the original application and inventory list, financial statements and budgets, IRS Form 990, Company's Resolution and List of Officers and estimate and plans, if any.

- 4.8 In addition to financial statements submitted with the application, applicants must agree to supply annual financial statements, as may be required.
- 4.9 A representative from the company will be required to be available and prepared to answer questions about the apparatus or facility to be financed as well as financial operations related to the applicant's company. Additionally, a company officer must be available to sign a promissory note at the time the loan is received by the company.
- 4.10 Applications are valid until December 31<sup>st</sup> of the year the application was submitted, unless otherwise determined by the Council.
- 4.11 Within 12 months of the time the loan was granted, the volunteer company must submit documentation to the Council reflecting the actual expenditures of the loan proceeds.

## 5. Prioritization of Loan requests

- 5.1 It is the intent of the Council to manage the fund in a prudent and fiscally responsible manner and to extend loans to companies that can demonstrate the ability to repay the loan in accordance with its terms. Within that context, the priority for receiving loans will be established based on the criteria set forth below and the availability of funds.
- 5.1.1 New vehicles and apparatus will have the highest priority followed by new equipment, renovations or rehabilitations of apparatus or equipment and facility improvements.
- 5.1.2 Further, priority consideration will be given to those companies demonstrating the greatest need considering financial need, age and condition of existing equipment and apparatus and demographic, geographic and financial conditions of the communities served.
- 5.1.3 The Council would also consider refinancing to prevent an event of default.
- 6. Loan Review and Approval Process

- 6.1 Applications may be submitted at any time and will be considered by the Council on a quarterly basis coincident with the schedule for meetings of the Executive Committee of the Delaware Volunteer Firefighter's Association.
- 6.2 The Council shall review each loan request received from an applicant in accordance with the stated criteria.
- 6.3 Applicants will be notified of loan approvals by the Council. In addition, companies will be notified of any further requirements for loan closing.

#### 7. Event of Default on Loans

- 7.1 The Council will follow prudent underwriting standards when considering a loan. In lieu of property and equipment liens, the Council may withhold future state funding including payments from insurance premium taxes and grant-in-aid funding.
- 7.2 Any volunteer fire, rescue and emergency medical service company awarded a loan through the Delaware Volunteer Fire Service Revolving Loan Fund should consider the purchase of a performance bond to protect against financial loss should an equipment or construction contractor default, or fail to deliver equipment, according to the terms of the contract.
- 7.3 Should a company be unable to make its loan payments in a timely manner, the company officers are required to notify the Council as soon as possible.

# Delaware Volunteer Fire Service Revolving Loan Fund Application

The Delaware Volunteer Fire Service Revolving Loan Fund was established to upgrade equipment and improve facilities that are essential to providing adequate fire, rescue, emergency medical and technical emergency response related service to Delaware communities. Loan funds are limited and are not available for equipment that has already been delivered or for the expansion of facilities and parking that has already been completed. For consideration, equipment and expansions must be deemed necessary to provide adequate fire, rescue and emergency medical and technical emergency response services to the surrounding community by the Delaware Council on Volunteer Fire Service. See the Program Guidelines for additional information.

PLEASE NOTE: One original copy of the application should be delivered to State of Delaware, Dept. of Finance, Office of the Secretary, 820 N. French Street, 8<sup>th</sup> floor, Wilmington, DE 19801.
